### **Prevention of Violent Incidents Following the Conclusion of the G.C.E. Ordinary Level Examination – 2026**

The 2026 General Certificate of Education (G.C.E.) Ordinary Level Examination is scheduled to conclude on 26 February 2026.

Based on an analysis of incidents reported in previous years, the Sri Lanka Police has observed a tendency for certain students sitting the examination to become involved in unruly or violent behaviour following its conclusion.

In view of this situation, the Sri Lanka Police has made arrangements to implement appropriate security measures on 26 February 2026 to prevent the occurrence of such incidents and to ensure public safety.

Parents and guardians are kindly requested to remain vigilant regarding their children's activities and to take necessary steps to discourage any form of misconduct or disorderly behaviour.

We respectfully request the media to provide adequate publicity on this matter in the interest of public awareness and safety.
