Illegal Assets Investigation Division Freezes Suspected Illegally Acquired Assets

The Illegal Assets Investigation Division has launched an investigation following a complaint lodged by a resident of the Ibbagamuwa area alleging that an individual had amassed assets using proceeds derived from drug trafficking.

Investigations have revealed that the suspect had allegedly used illicitly obtained funds to purchase a tractor valued at approximately Rs. 5 million and had also invested Rs. 10 million (Rs. 10,000,000) in a private financial institution.

Based on the findings of the investigation, a seven-day freezing order was issued on 24 July 2026, temporarily restricting the use and transfer of the identified assets in accordance with the relevant legal provisions.

Further investigations are being carried out by the Illegal Assets Investigation Division.
